

Policy statement

The main ambition of Vleveka B.V. is to maximize added value for customers and to contribute to achieving their strategic goals.

Meeting the conditions as defined in the international standard ISO 9001:2015, with the purpose of ensuring and continuously improving the performance of the organisation, helps us in doing so.

Regarding quality, the policy is aimed at:

- maintaining and enhancing customer satisfaction;
- to increase the knowledge and experience among employees in our organization;
- continue to meet the legal requirements and regulations;
- providing a framework for defining quality objectives and continuous improvements;
- monitoring the quality and the continuous improvement of the processes;
- contribute to clarity in the organization by means of capturing responsibilities, authorization, procedures and practices regarding quality;
- the provision of services in accordance with the requirements and focus on reducing risks and maximizing opportunities;
- based on the international standard NEN-EN-ISO-9001:2015 show consistently good products and services, and continuous improvements;

Employees support this policy regarding their own responsibility and involvement in the quality of our organisation and our services.

The Executive Board of Vleveka B.V. will periodically inform the employees about this policy, shall monitor the implementation and adjust when needed.

The quality objectives and results will be periodically monitored, evaluated and if necessary adjusted. Once a year The Executive Board will draft a final evaluation regarding the performance and will document this in a management review. Relevant parts of this report are available both internally and externally for those who are interested.

The Executive Board ensures that this policy statement is evaluated and when needed revised at least every three years.

Deurne, May 23th 2019.

The Executive Board,

S. Nauta
